## About the Awards

Launched in 2015, the SICC Awards are built on the conviction that collaboration is very often the quickest way for companies, from all sectors and of all sizes, to innovate, grow and sustain themselves. This is why SICC supports the Government's PACT programme.

These awards are meaningful because they not only celebrate and recognize successful commercial collaborations, but they also enable everyone to learn from the experiences of fellow businesspeople. That learning component is key and is delivered in a TV programme starring our award winners entitled "Collaborate to Innovate" on Channel NewsAsia.

The Chamber hopes each year's worthy winners inspire other companies to understand the benefits of collaboration and to embark on their own collaboration journeys.

2025 marks the ninth year the Chamber is presenting these Awards. The Awards have grown from strength to strength with two award categories in 2016 to five award categories and attract more quality submissions each year.

## The Awards Logo

The logo symbolizes Collaboration and Innovation. The coming together of the circular dots of different sizes represents large and small companies collaborating to innovate. The formation of the sunburst motif represents the innovations achieved as a result of the collaborations.

## Closing Date for Submission of Nominations

The closing date for the submission of nominations for the 2025 SICC Awards is **14 October 2024**.

## Why should my company take part in the Awards?

- The SICC Awards are the only awards dedicated to celebrating successful commercial collaborations between companies. They are also the only awards which give online, newspaper and event visibility to all finalists and winners. **Winners also have their own TV programme paid for by the Chamber.**
- Stand up and be recognized as a champion of collaborative innovation – a key thrust of Singapore's economic restructuring and its sustained success.
- Share your success to encourage other businesses to emulate your example.
- Network and learn from the experiences of fellow champions of innovation and share how challenges can be overcome to encourage others to collaborate to innovate.

## Award Categories

### Category 1: Best Technological Collaboration

This award honors the collaborative project that best harnesses the power of technology to positively disrupt the status quo to innovate and improve processes, products, or services and, thus, create new value for the collaborators and their customers.

### Category 2: Most Positive Workplace Collaboration

This award recognizes the collaborative nature of work between employer and employees and between teams to co-create and sustain a positive workplace culture to achieve optimal commercial and personal success. All nominations must include the results of a recent employee engagement survey from the last 18 months to substantiate them so that the voice of the customer is heard.

### Category 3: Most Scalable Collaboration

This award recognizes the collaboration with the methodology or process which can be most easily transferred within the same industry and/or across industries.

### Category 4: Most Sustainable Collaboration

This award celebrates the collaborative projects which result in the most positive impact on the environment to sustain human existence and our planet. It is open to all collaborations which help transition the economy to circular models of production and consumption. Non-exhaustive examples include collaborations which result in either a reduced carbon footprint, less pollution by the use of alternative energy sources, conserve resources, achieve recycling, preserve biodiversity and increase food security.

### Category 5: Most Transformational Collaboration

This award honors the collaboration that results in the biggest gains in the areas of increased capacity, value creation, productivity improvements, revenue growth and/or return on investment.

## Cost of Participation

There are no fees to submit a nomination.

Should your collaboration be shortlisted as a finalist, your team will be required to commit to a business-friendly **SGD5,500 (subject to GST) per collaboration**, which will include a table for 10 pax at the Gala Dinner. This is to allow us to cover the cost of the Awards Ceremony & Gala. More information can be found on page 6 of this Information Pack.

## Eligibility

The collaborative project in Categories 1, 3, 4 and 5 must involve **two or more** companies/organizations, of which **at least one** must be registered and based in Singapore. The collaboration should achieve no less than one of the following objectives:

- Knowledge transfer between companies
- Capability upgrading
- Development and roll out of innovative products and services

The collaborative project in Category 2 must be from a company/organization that is registered and based in Singapore. The collaborative nature of work between employer and employees should achieve a positive workplace culture.

## Judging Criteria
